## Double taxation

If you are living in or planning to move to Sweden, are employed or an owner of assets in countries other than Sweden, it is important that you are aware of the specific regulations that are applicable to the countries in which you are liable for taxation. You can read more about how to avoid double taxation [here](#).

You can also find a list of most of the current tax treaties ratified by Sweden with other countries for the purpose of preventing double taxation. Although the page is only available in Swedish, many of the tax treaties are available in both Swedish and English.

- [Tax treaties External link.](#)

There are also treaties on other forms of administrative cooperation in the area of taxation. Many of these tax treaties are available in both Swedish and English. The treaties can also be found on the tax agency websites of other countries.

If you have any questions about double taxation and tax treaties, please submit your question to us by filling our webform.
